

Two Year Limited Warranty

Renewable NRG Systems (RNRG) warrants its products for a period of two years from date of original purchase solely for the benefit of the original consumer purchaser. If this RNRG product is determined to be defective in materials or workmanship, RNRG will, at RNRG's option, repair or replace this product without charge. This warranty does not cover damage due to improper installation or use, accident or misuse, damages due to lightning or any unauthorized service. This warranty also will not apply if any seal on any instrument or sensor is broken, if any cable has been severed, or the equipment was not adequately grounded.

To return a defective product, call Renewable NRG Systems at the telephone number listed below for an RMA (return merchandise authorization) number. When you call you must also have available the serial number of the item as well as date of purchase. No products will be accepted for warranty work without an RMA number. The product must be returned, postage prepaid, to RNRG with a brief description of the problem, RMA number and a return address with phone number.

The foregoing limited warranty is given in lieu of all other warranties, express or implied. RNRG specifically disclaims all implied warranties including, but not limited to, any implied warranties of merchantability and fitness for a particular purpose.

The above limited warranty expressly excludes, and RNRG shall not be liable for, any incidental or consequential damages caused by or related to the selection, use of, inability to use or malfunction of this product.

RNRG will make a good faith effort to repair or replace promptly any product which proves to be defective within the warranty period. First, contact RNRG or the representative from whom the product was purchased and ask for an RMA number.
