----------------	------------

is in conformity with the requirements of the relevant Union harmonization legislation and technical specifications below:

RoHS:

Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment

Commission Delegated Directive (EU) 2015/863 of 31 March 2015 amending Annex II to Directive 2011/65/EU of the European Parliament and of the Council as regards the list of restricted substances

Safety:

IEC 61010-1:2017-01 Safety requirements for electrical equipment for measurement, control, and laboratory use

EMC:

2014/30/EU EMC Directive, EN61326-1:2013 Class A “Electrical Equipment for Measurement, Control, and Laboratory Use—EMC Requirements”

Additional Information:

1. The design documentation, test reports and product specifications are under document control in NRG Systems, Engineering Department.
2. Other directives were considered. The engineering team evaluated Directive 2014/30/EU of the European Parliament and of the Council of 26 February 2014 on the harmonisation of the laws of the Member States relating to electromagnetic compatibility (recast). The device is inherently benign. Directive 2014/30/EU does not apply.
